

**TF907: DASH STORE****DEFENDER 90 / 110 / 130 - 2007 ONWARDS ONLY****FITTING INSTRUCTIONS**

1. Put the car into gear or park and apply the hand brake.
2. Using a T30 Torx Key Remove the 2 Screws fixing the top of the dash on the passenger side. Keep these screws as you will need them later.
3. Remove the 8mm Flat cups and remove the polystyrene block and discard. Keep the 2 Flat cups as they will be used later. Use a small screw driver to prise the prongs open if necessary.

4. Cut the bottom plastic securing tube so that it is flush

5. Place the hinge panel into position

**WARRANTY & DISCLAIMER** - Terrafirma products are warranted free from defects in materials and workmanship for a period of 12 months from the date of retail invoice. Terrafirma does not warrant that the products manufactured or marketed by it comply with the laws of the country where those goods are purchased or used. It is the sole responsibility of the purchaser to ascertain whether products being purchased, or the fitting of those products to any other object, comply with local laws. This warranty covers structural defect and workmanship but does not cover finishes, labour charges for removal or refitting, freight costs, accident damage, misuse or abuse, damage due to incorrect or improper fitment or application, modified product, faulty design or consequential damage of any kind. Damage or defects caused by collision, alteration, improper installation, road hazards, adverse conditions or usage for any other purpose other than normal private usage are not covered by this warranty. Terrafirma shall not be liable for any other claim relating to the use of the product and any indirect special or consequential damage or injury to any person, company or other entity. All claims must be accompanied by the original retail invoice and should be submitted to the supplying Allmakes 4x4/Terrafirma distributor. This warranty covers only the replacement of the product or part concerned. The decision remains solely at the discretion of Allmakes Ltd. The information contained in this catalogue was correct at the time of going to press. Allmakes/Terrafirma and its associated companies reserve the right to alter the range and any product specifications without notice. Always consult your Allmakes/Terrafirma distributor for the latest product information and specifications. The Terrafirma range of products is constantly being evaluated for enhancement and improvement to make sure the level of quality and performance is as expected.

- Secure into place using both the 8mm Flat cups onto the remaining 2 plastic securing tubes and the M4 x 8mm counter sunk screws with the flanged nut on the outside

- Fix the 2 angled brackets to the base tray using the 4 x M4 x 8mm button head screws and 4 x flanged nuts (see picture below). Use the screw caps (x4) provided to conceal the exposed heads of the button headed screws.

- Slot the bottom tray into position as shown (see below), drill a 4mm pilot hole and fix using 4 x 4 x 13mm self-tapping screws.

- Position the top in place and fix to existing holes using the 2 x Torx screws removed at the start.
